Certificate - Explanatory Notes

Pearson Assured

Pearson Assured benchmarks organisations' policies and procedures that support their internally developed education or training programmes against quality criteria provided by Pearson.

The organisation's policies and procedures are audited against these quality criteria prior to approval, and on an on-going basis, to ensure standards are maintained.

The education or training programme is owned by the organisation identified in writing on the front of this certificate. This is not a Pearson qualification.

This certificate has been issued to the identified individual to recognise the completion of the organisation's Pearson Assured education or training programme as described on the front of the certificate.

Conditions of Issue

This certificate is and remains the property of Pearson Education Ltd at all times and is issued in the following conditions:

(a) any alteration to this certificate renders it invalid;
(b) this certificate must be delivered to Pearson Education Ltd on request; and
(c) declining a grade shown on this certificate renders it invalid and it must then be returned to Pearson Education Ltd for cancellation.

Use of an altered certificate could constitute a criminal offence.

Pearson qualifications are administered by Pearson Education Ltd.

Pearson Education Limited. Registered in the United Kingdom with Company Number 872828.

To prevent and detect illegal reproduction and alteration, covert and overt security features are present in this document

OFFICIAL TRANSCRIPT

Assured Diploma in Information Technology (DiTEC)

NAME: B THIWANKA NETHMAL
ESOFT ID: PAN/A-007231
PEARSON ID: N991673

Course Overview

The Assured Diploma in IT provides a pathway to obtain a thorough knowledge which covers the topics in line with the current trends in Information Technology for higher studies. The programme covers 1200 hours of teaching and learning, consisting of in-class teaching together with online exercises and self-learning. There are ten compulsory modules together with a practical project that the learner has to complete to be eligible for a Pearson Assured Diploma certificate.

Assessments

The student's final project is evaluated on learner's Presentation skills, Implementation of the System (Knowledge), The use of diagrams to design the system (Creativity), and Documentation skills.
